A CLEAR COMPLEXION

Ruddy Cheeks—Sparkling Eyes
—Most Women Can Have

Says Dr. Edwards, a Well-Known
Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system.

If you have a pale face, yellow skin, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women as well as men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep in the pink of condition. 10c and 25c per box. All druggists.

By Twelve Bottles of PERUNA

Greatest Human Vitalizer

"During the winters of 1897 and 1898, I was so badly afflicted with catarrh of the head and throat that I must surely die from it. After trying many doctors and all other recommended remedies made known to me, I was induced to use Peruna. I was cured entirely by using twelve bottles of Peruna and one bottle of Manalin. Since that time, I have never been without Peruna. I use it for colds and as a general tonic during Spring and Fall months and find it the greatest human vitalizer."

IF I WERE A FARMER

If I were a farmer I would keep at hand a few reliable medicines for minor ailments that are not so serious as to require the attention of a physician, such as Chamberlain's Colic and Diarrhoea Remedy for bowel complaints.

Chamberlain's Liniment for sprains and bruises and rheumatic pains. Chamberlain's Tablets for stomach troubles, biliousness and constipation.

By having these articles at hand it would often save the trouble of a trip to town in the busiest season or in the night, and would enable me to treat slight ailments as soon as they appear, and thereby avoid the more serious diseases that so often follow.

"NOBODY CARES FOR ME."

The old hen sat in a leafless tree and said: "Nobody cares for me. My food is what I find about, I hunt for it until I'm frazzled out. My owner says I don't pay, and that I ought to sing and lay. I wish he had to sit out here and live on pickin's all the year. I'll bet a half a cent, by jing, he wouldn't lay from now till Spring."

The Louisville Times suggests that the Bavarian Diet looks like red meat.

TWO KINDS OF U. S. MONEY

If there were two kinds of United States money—one just ordinary money, and the other, money that increases in value every month, you have it.

You'd naturally want the growing kind—all you could get hold of. You'd chance as much of your money as you could for the growing kind of money that gets bigger right along. You'd hold on to the growing kind and let it grow for you.

But there are two kinds of money—ordinary dollars and quarters and cents that don't grow and War Savings Stamps that do grow.

You buy a War Savings Stamp this month for \$4.13, next month it is worth \$4.14, the month after, \$4.15, and on January 1, 1924, it has grown to \$5.00.

"But," you say, "a War Savings Stamp is not ready money? It grows all right, is a good investment, helps me save, but I can't spend it." You're wrong—the War Savings Stamp is ready money—that is, ready enough money.

If you need the money you have saved in War Savings Stamps—that growing money—you can get it from any postoffice on ten days' notice. You can get all you paid in and all the interest it has earned while it is growing for you, and the ten days' notice is one of its great features. You can't just rush out to spend your \$4.28 or whatever it may be, in your War Savings Stamp. You have got time to think before you can spend it, and if you think before you spend you probably will not spend that W. S. S. money foolishly, but will spend it for something worth while. In other words, it is not merely growing money—it is also money with the magic power of helping you to get your money's worth—money tied up just enough to keep it from flying out of your pocketbook. And remember, the wise-spending string on your money in War Savings Stamps in your own string—the string that keeps your wallet closed until you really need the money.

MOTHER! YOUR CHILD IS CROSS, FEVERISH, FROM CONSTIPATION

If Tongue Is Coated, Breath Bad,
Stomach Sour, Clean Liver
and Bowels.

Give "California Syrup of Figs" at once—a teaspoonful to-day often saves a sick child to-morrow.

If your little one is out-of-sorts, half-sick, isn't resting, eating and acting naturally—look, mother! see if tongue is coated. This is a sure sign that its little stomach, liver and bowels are clogged with waste. When cross, irritable, feverish, stomach sour, breath bad or has stomach ache, diarrhoea, sore throat, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated poison, undigested food and sour bile gently moves out of its little bowels without gripping, and you have a well, playful child again.

Mothers can rest easy after giving this harmless "fruit laxative," because it never fails to cleanse the little one's liver and bowels and sweeten the stomach and they dearly love its pleasant taste. Full directions for babies, children of all ages and for grown-ups printed on each bottle.

Beware of counterfeit fig syrups. Ask your druggist for a bottle of "California Syrup of Figs;" then see that it is made by the "California Fig Syrup Company."

HORSE TO FOLLOW THE DODO.

"Every horse and mule in the United States ought to be taken out and shot," is the startling conclusion reached by William C. Shepherd, who tells us in "Everybody's," some of the interesting facts that business men have dug up in wartime Washington. "There are twenty-five million such animals," continues Mr. Shepherd. "They should be exterminated as soon as we can dispense with their services. A horse or a mule is one of the most unreasonable things alive. It pulls a plow over four acres of ground and then in a year it eats all that one of these acres produce. It eats as much when it isn't working as when it is. No one knew this fact until lately. The business man in the Government during the war discovered it."

"I'm giving this fact, not to illustrate the undoubted truth that there will be over a million farm tractors in use within the next three years, but rather to show how, delving into America's business center in Washington—the center where the Amer-

**HARD ON SHOES?
THEN READ THIS**

"I marched through the mud of Flanders, through a large part of the Lorraine sectors, and lastly from Chateau Thierry to Fismes, and my shoes with Neolin Soles are still in good condition. For five months I alternated these shoes with two other pairs, which are now worn out, but the Neolin Soles look as if they had another five good months of wear left in them." Written by Lieut. Ederly Austin, American Expeditionary Forces, France—October 17th, 1918.

This is exceptional service, all army men will agree. Civilians rarely give their shoes usage such as this; but if they are hard on shoes, and want to cut their shoe bills down, let them try Neolin-soled shoes. These shoes are obtainable at most shoe stores in many good styles for men, women and children.

Or have your old shoes re-bottomed with Neolin Soles. You will find these scientifically made soles are comfortable and waterproof, as well as long-wearing. They are made by The Goodyear Tire & Rubber Co., Akron, Ohio, who also make Wingfoot Heels—guaranteed to outwear all other heels.
